

Economic Integration in Southern Africa

Filesize: 2.69 MB

Reviews

The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.

VDM Verlag Okt 2010, 2010. Taschenbuch. Book Condition: Neu. 221x151x12 mm. This item is printed on demand - Print on Demand Neuware - The Maputo Development Corridor (MDC) was the most significant development and capital intensive project undertaken by the South African government since 1994. It was the most prominent of a number of Spatial Development initiatives (SDIs) promoted by the South African government. It was viewed as a fascinating concept for socio-economic development and integration. It ties Southern Mozambique to SA's Mpumalanga, Gauteng and Limpopo Provinces. The Corridor was an intricate web of private and public sector investments between Witbank in South Africa and Maputo in Mozambique. Major investors included the private sector, multilateral funding agencies like the Canadian International Development Agency (CIDA); and the Development Bank of Southern Africa (DBSA) as well as both SA and Mozambique governments. It comprised new infrastructure investment in ports, rail, roads, institutional reforms at border crossing, and the promotion of the region to private sector investors through a number of investment incentives. Transport linkages in the region are seen as vital components to the process of facilitating broader regional economic co-operation . 104 pp. Englisch.
